

Som Satsangi, Managing Director, Hewlett Packard Enterprise India

Hewlett Packard Enterprise (HPE) is a \$30 billion technology company, having approximately 60,000 employees worldwide and serving more than 90% of Fortune 500 companies, with the vision to advance the way we live and work, and help our clients and partners in their Digital Transformation Journey.

As India Managing Director, Som Satsangi leads HPE's second-largest employee base globally. He is responsible for delivering on the vision of leveraging technology to advance the way we live and work; ensuring excellence to our customers; and fostering a culture of collaborative innovation.

With more than three decades of experience in the IT Sector, including the last two decades of handling various leadership roles at HPE, Som is passionate about creating an inclusive digital ecosystem. He strongly believes that to continue being a global technology leader, India would have to prioritize and future-proof its talent development by orienting, skilling and upskilling for unlocking the vast potential that can lead towards becoming a knowledge society.

Som is actively involved in HPE Pathfinder, our venture investment and partnership program to encourage transformative external innovations and Startups.

He is a member of the NASSCOM Executive Council, AmCham National Executive Board, USISPF India Advisory Board and WEF Regional Action Group for South Asia.

Som is a Gold Medalist from Malaviya National Institute of Technology (MNIT), Jaipur and has completed the Senior Executive Leadership Program from Harvard Business School.
